

ASEAN SDGs Seminar Series Vol.7 Towards ASEAN-Japan Impact Investing: The Role of Government

ASEAN-Japan Centre

ASEAN-Japan Centre is going to host the 7th session of the SDGs Seminar Series: “Towards ASEAN-Japan Impact Investing: The Role of Government”. This [seminar series](#) features a variety of actors in the field of impact investing from ASEAN-Japan investors, investees and intermediary facilitators. This 7th session concludes this seminar series, featuring the role of government, as one of the most important players that contributes to the impact investing ecosystem.

In this session, we invite three speakers – from Ministry of Economy, Trade and Industry (METI), Financial Services Agency and the Japan National Advisory Board (NAB) of Global Steering Group (GSG) for Impact Investment. The focus is placed on the current practices and initiatives taken by each institution driving actions and policies.

It is our hope that this webinar will assist all kinds of businesses – MSMEs and large corporations currently exploring ways to understand the impact investing and the SDGs endeavours in ASEAN and Japan.
