

ASEAN-Japan Centre is going to co-host a webinar “**Indonesia: Reviving Global Trade**” with the Embassy of the Republic of Indonesia and JETRO Jakarta Office.

In times of economic crises and challenges in Indonesia, the actor that has always sustained resilience is small and medium enterprises (SMEs). With policies to ensure the survival of SMEs and success in times of economic challenges, the Indonesian economies, including the welfare of its people, continue to grow. With a strong 7.07% year on year economic growth in the second quarter of 2021, Indonesia is expected to show more positive signs in the near future – driven mainly by the government’s policies designed to anticipate risks while maintaining positive relations with its partner countries in the world.

This webinar will provide the highlight information regarding Indonesia’s potential trade and investment and also introduce online Trade Expo Indonesia 2021 in digital edition (TEI-DE) – a shift from the venue-based event. TEI-DE is a strategic platform for Indonesian and Japanese businessmen to connect. It is our hope that this webinar will assist in your business and investment endeavours with Indonesia.
