

ASEAN DESIGN FORUM

Wednesday 17 March 2022 (Singapore) 15.00-16.30 (JST)

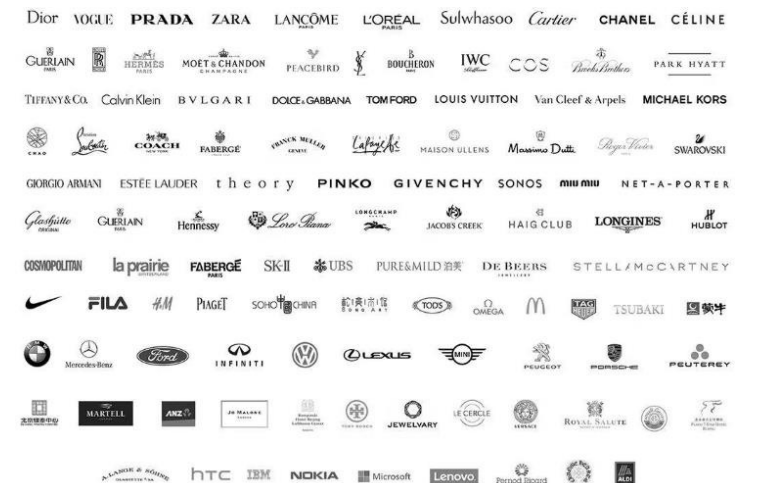

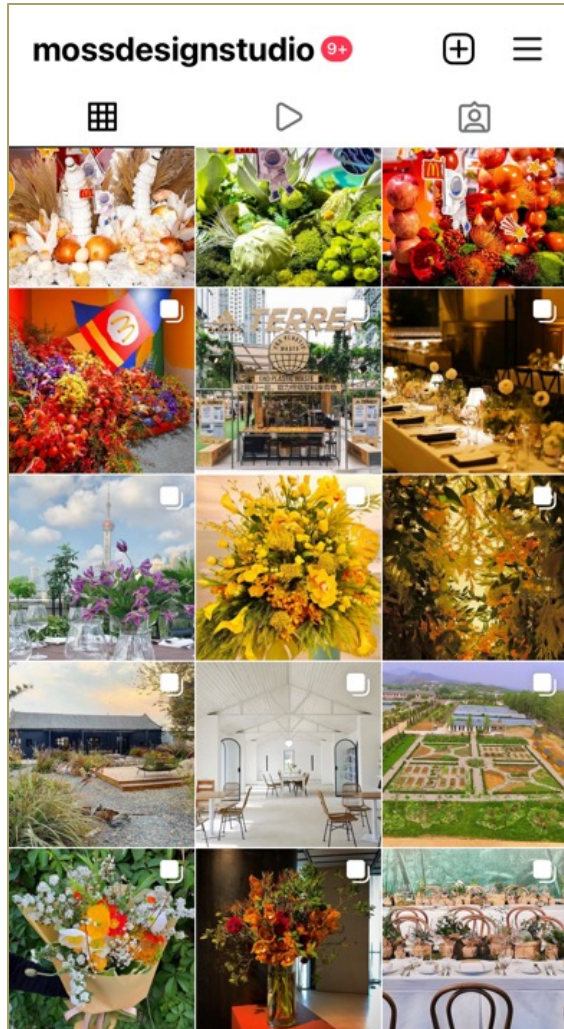

FLORAL DESIGN
LANDSCAPE
INTERIOR
ARCHITECTURE

Founders, Leng & Cheng Huat

- *Founded in 2002, MOSS Design Studio began as a lifestyle floral shop in Beijing.*
- *With a strong passion for nature, we have evolved into a all rounded design studio ranging from commercial luxury floral design to spatial design, including the revitalization of farms, suburban holiday homes and expansive gardens in China.*

Construction was limited during the pandemic situation in Spring Summer of 2020, however there was a vast transformation after mere 4 months.

Re-construction of the book store, chicken coop and planting troughs using recycled and reclaimed materials.

Seasonal Markets

Wild Feast Bonfires & Dinners

PROJECTS:

PROJECTS:

Moss Stonehouse & Garden
(Pinggu District, Beijing)

SINGAPORE GOOD DESIGN 2019 SG MARK (GOLD AWARD)
JAPAN GOOD DESIGN 2021 G MARK AWARD

ON-GOING PROJECTS:

Garden Landscape for a Private Residence
(Shunyi, Beijing)

ON-GOING PROJECTS:

**WOW Camping &
Garden Design**
(ChangPing, Beijing)

ON-GOING PROJECTS:

Cherry Orchard Homestay
(FangShan, Beijing)

Project: Revival of an old mining village on a hill slope into farm stays, as well as surrounding landscape design filled with rare plants, old trees, rocky terraces & pathways.

ON-GOING PROJECTS:

CONCEPTUAL & FEASIBILITY STUDIES FOR LARGE-SCALE LANDSCAPE AND FARMING PROJECTS

Project: Restoration of an existing Water Amusement Park into a educational environmental friendly adventure fun park for visitors to visit, experience and learn more of the wild life, birds and plants including rice field planting and harvesting.

Project: Transforming a traditional crop farmland into a creative garden with educational tours and events for visitors to engage and participate in.

GOING FORWARD: We wish to...

Continue exploring practical design ideas and solutions rooted in sustainability.

To create a benchmark for farm modernization.

Inspire traditional farms to invest with increased awareness and appreciation for healthy sustainable living and a better future.

THANK YOU!
