BYOND SERIES

by IRIANTO PURNOMO HADI

What is ventilation block and what are they used for?

A Ventilation (air circulation)

B Lightning

C Façade

D Room divider

E Accessories

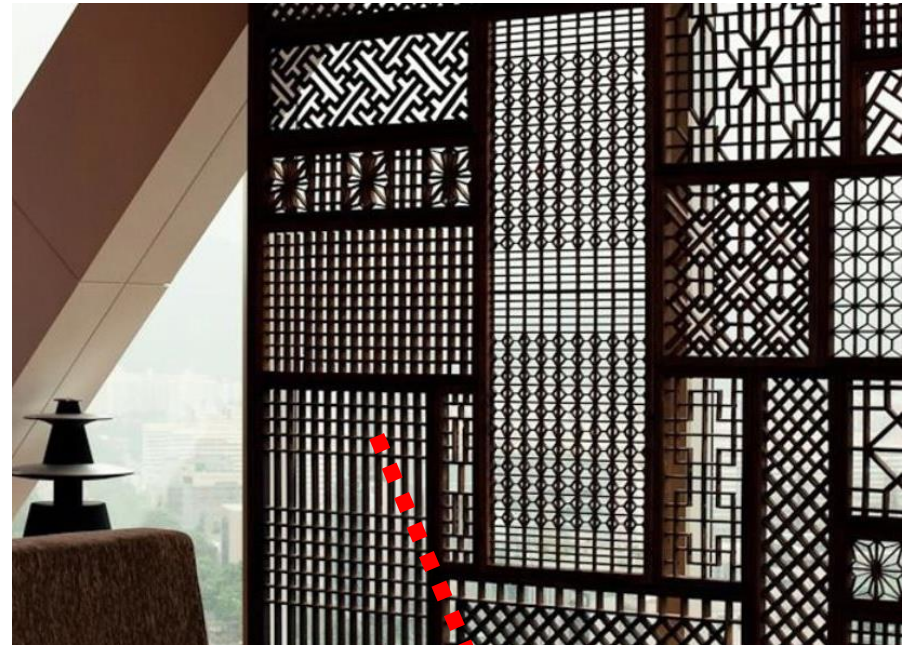

Concrete

mold

Wood

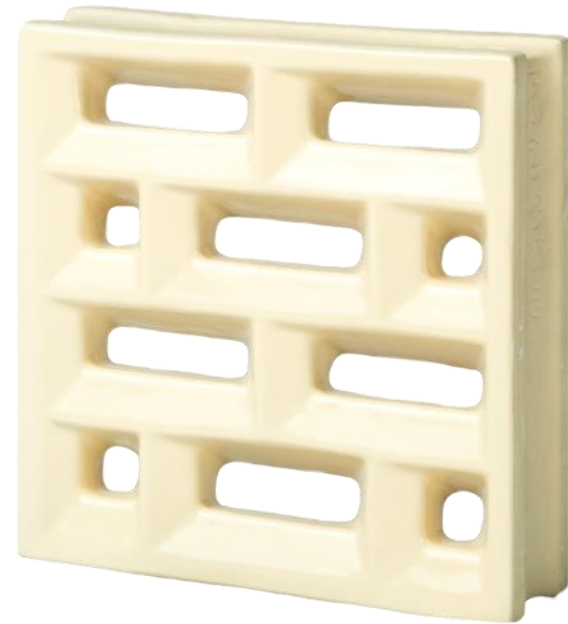

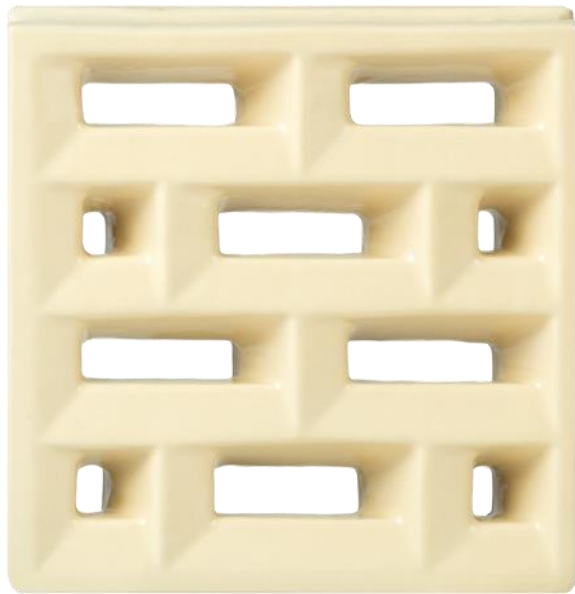

Expensive and prone to white ants

In 2018, we tried to answer those problems and won
GMARK

2018

Ventilation block application becomes limited

mukura®

Not seamless

Naha-shi, Japan

Mukura answers this problem by looking at ventilation block as a “system”, not a single unit

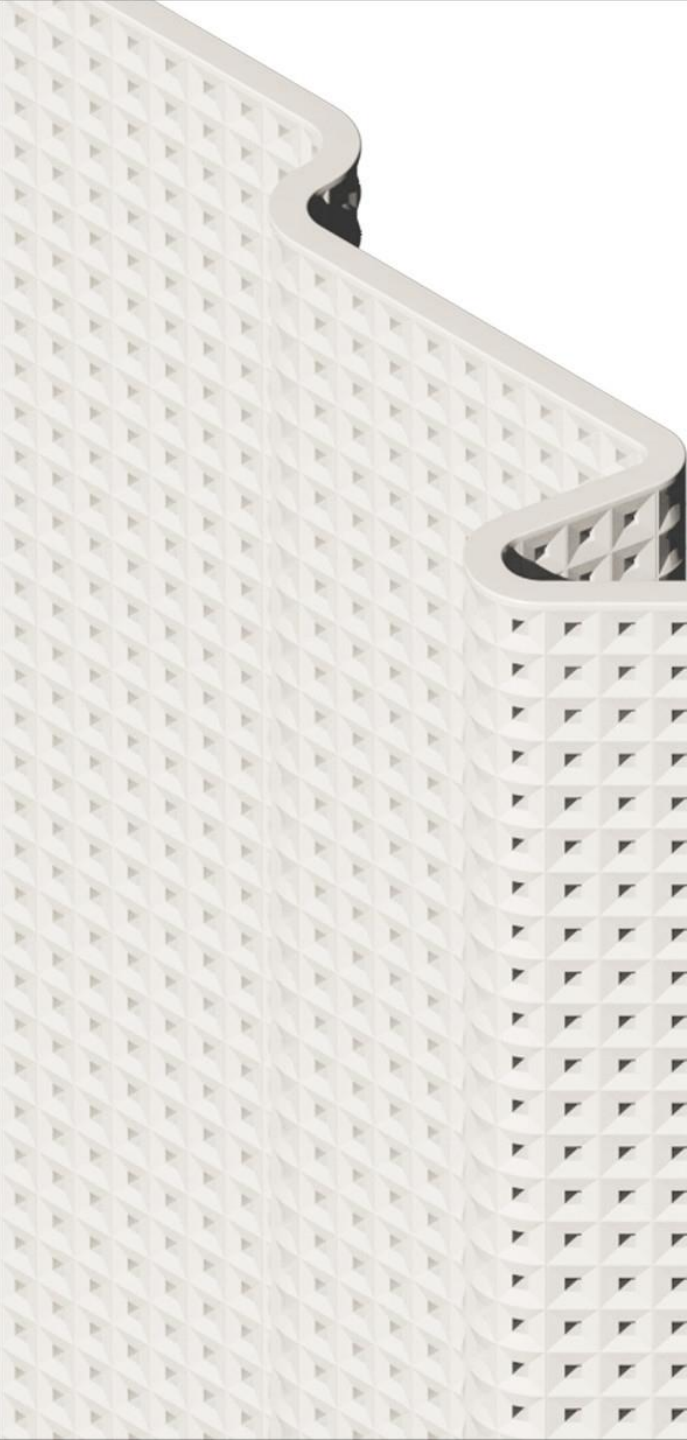

mukura®

 mukura

BEYOND

Ventilation blocks can be limitless

THANK YOU!
