

## <<BIMP-EAGA Symposium Series>>

### Creating Sustainable Socio-Economic Landscape and New Business Opportunities in BIMP-EAGA ~Toward a robust and sustainable economic growth in the region~

ASEAN-Japan Centre (AJC) will host a BIMP-EAGA Symposium Series with the theme “Creating Sustainable Socio-Economic Landscape and New Business Opportunities”. Throughout the years, Japan has shown its support and commitment to the revitalization efforts in Brunei Darussalam-Indonesia-Malaysia-Philippines East ASEAN Growth Area (BIMP-EAGA) as part of ASEAN’s regional economic integration efforts.

The first symposium will focus on Connectivity, which is one of the five strategic pillars of BIMP-EAGA VISION 2025. There will be presentations on (1) Transportation, (2) Information and Communications Technology (ICT), (3) Energy and (4) Trade and Investment, which are the clusters under the Connectivity Pillar. Finally, there will be a presentation by Tobishima Construction Company to demonstrate a case of Japan-BIMP-EAGA cooperation in the field of construction.

The symposium series aims to provide both BIMP-EAGA and Japanese stakeholders the opportunity to discuss and better understand the challenges as well as the business opportunities in the region.
