

Invitation for the 2019 ASEAN-China Youth Winter Camp

13- 22 December 2019,
Haikou, Sanya, Changchun and Harbin, China

Introduction:

The younger generation is our future and shoulders great responsibility in building an even brighter future for ASEAN-China relations and also for the region as a whole. To further strengthen the communication and exchanges and enhance mutual trust and friendship among our youths in ASEAN Member States and China, ASEAN-China Centre (ACC) will host the 2019 ASEAN-China Youth Winter Camp in China, in collaboration with education partners in China.

Participants will have a good opportunity to explore the Chinese culture through a wide mix of interactive activities. Moreover, the students will also be immersed in lectures, cultural experiences, as well as interactions with other students from various countries including ASEAN member states, China, Japan and the Republic of Korea (RoK).

The Winter Camp is a ten-day programme in three provinces of Hainan, Jilin and Heilongjiang of China, joined by 30 university students of ASEAN and China, as well as Japan and RoK. Local logistics such as accommodation, transportation from Haikou (Hainan province of China) to Changchun (Jilin province), local transport, meals, classes, entry tickets and insurance will be borne by the ACC. It is requested that all campers should purchase travel insurance in their own countries before leaving for China, and provide copies of the insurance policy to the organizers after their arrival. The international airfares shall be borne by the sending institutions or the students. It is also suggested that the students arrive in Haikou of Hainan Province by 3pm on 13 December 2019 and depart from Harbin of Heilongjiang Province on 22 December.
